

Fall 2026

GPA Fast Track

AP Psychology (In-Person)

Learn key psychological principles that can be applied to any field! Business, Marketing, STEM, & more!

Blended learning that combines expert instructors with modern digital curriculum!

Boost Your GPA and College Applications This Fall!

This summer, dive into the science of human behavior through Elite Open School's NEW 8-week, in-person AP Psychology course. Using a dynamic blended-learning model, students experience the **best of both worlds—live instruction, interactive activities, and a powerful digital curriculum**. Complete a full 16-week AP Psychology course in just 10 weeks without compromising rigor or depth.

Aug 29 - Nov 7: Saturdays 1:00pm - 3:00pm

Hands-On Activities & Real Psychological Discussions

Students don't just learn about psychology—they experience it. Throughout the course, students will participate in interactive demonstrations and classroom activities.

Fast-Track Learning. Full AP Depth.

Our WASC-accredited blended model combines:

- In-person classes for discussion, experiments, and group work
- Digital lessons for content mastery, quizzes, and multimedia learning
- Instructor feedback and personalized support

This structure allows students to move efficiently while developing stronger retention, deeper understanding, and practical research skills.

Public Education Campaign

Design a mental health awareness/student-focused issues campaign based on psychological principles & modern theories in the lens of lived experiences. Students analyze:

- Sleep hygiene
- Motivation theory & academic achievement
- Growth vs. fixed mindset
